Students matriculating for the Summer Session assume the responsibility of upholding the standards and traditions of the College and adhering to its regulations.

First Session . . . . . June 7 – July 14, 1971

Second Session . . . . . July 15 – Aug. 20, 1971

Salisbury State College is located on the scenic Eastern Shore of Maryland in the southern outskirts of Salisbury, a city whose metropolitan area includes some 44,000 people. Ocean City is 32 miles to the east, Baltimore and Washington 115 miles to the northwest, Norfolk 125 miles to the south, and New York City 220 miles to the north. The College, founded in 1925, is an integral part of the Maryland system of higher education and is governed by the Board of Trustees of the State Colleges. Enrollment is approximately 1,350.

ACCREDITATION

Salisbury State College is a fully accredited liberal arts college offering undergraduate programs leading to the Bachelor of Arts and Bachelor of Science degrees, and graduate programs leading to the Master of Education degree and the Master of Arts degree in history. The College is accredited by the Middle States Association of Colleges and Secondary Schools, the Maryland State Board of Education, and the National Council for Accreditation of Teacher Education.

ACADEMIC PROGRAMS

The summer terms are designed to accommodate the special interests of students at both the undergraduate and graduate levels. Course offerings are available for both the beginning and the advanced undergraduate, as well as for graduate students seeking the master's degree, advanced certification, or certificate renewal.

The normal course load for each student is six semester hours per six-weeks session. Classes meet five days per week, Monday through Friday, except as noted.

ADMISSION

Applications for admission to undergraduate courses may be obtained from the Director of Admissions; for graduate courses from the Dean of the College. All regularly enrolled undergraduate and graduate students of Salisbury State College, and all new students accepted for fall admission to the College, are automatically eligible to register for the Summer Session. Students should obtain approval of course selections from their faculty advisors, if assigned, prior to registration. Newly admitted students should seek assistance from the Office of the Academic Counselor.

Students enrolled in good standing at other colleges are also eligible for admission to the Summer Program. Such students should request the Dean or Registrar of their college to forward a statement to the Director of Admissions at Salisbury State College indicating that they are currently enrolled and that they have permission to register for courses in the Summer Program.

Those who have been accepted for fall admission to other colleges are also eligible for summer enrollment. Such students should request their Director of Admissions to forward a statement to the Admissions Director at Salisbury State indicating acceptance for fall. Such students should consult officials of the college they plan to attend in the fall regarding the transfer of credits earned.

Transfer students and those not regularly enrolled in college who wish to apply for summer admission will be considered on the basis of their past academic records and/or experience. Generally, students who are eligible to return to the college they last attended are eligible for admission to the Summer Program.

REGISTRATION

Students planning to enroll in the Summer Session may register early by mail, or may register in person either on Saturday, June 5, or on the opening day of each six-weeks session. Applicants for the First Session whose applications and registration materials are completed and approved by Tuesday, June 1, and for the Second Session by Friday, July 9, may complete their registration by mail. Those who submit applications and registration materials after the above dates must complete their registration in person either on Saturday, June 5, 9:00 – 11:30 A.M. in Holloway Hall gymnasium, or between 8:00 A.M. and 11:30 A.M. on the initial day of the session they plan to attend, i.e., June 7 for the First Session and July 15 for the Second Session.
